WE HAVE INSTEAD ATTEMPTED TO PORTRAY A YEAR AT TULANE AS BEST WE WERE ABLE IN A PUBLICATION BURDENED WITH WEIGHTY, STEREOTYPED SECTIONS AND WITH OTHER TRADITIONAL YEARBOOK LIMITATIONS. IT IS AN INFORMAL PRESENTATION BECAUSE, IN OUR "MODERN" LIVES, WE ARE ESSENTIALLY AN INFORMAL GROUP. IF THERE BE THOSE WHO ARE OFFENDED AT THIS LEVITY, WE ARE SORRY FOR THEM, BUT WE DO NOT APOLOGIZE BECAUSE WE HAVE DONE OUR BEST AS OUR TASTES AND CONSCIENCES DICTATED. AT ANY RATE, WE HAVE ENJOYED DOING THIS, YOUR ANNUAL, AND DO HOPE THAT THIS ENJOYMENT IS REFLECTED IN YOUR OWN AS YOU TURN ITS PAGES.

WE RESPECTFULLY AND AFFECTIONATELY DEDICATE THIS, THE FORTY-THIRD VOLUME OF THE JAMBALAYA TO THAT INTERESTING AND OUTSTANDING EXECUTIVE, STUDENT, EDUCATOR AND JUDGE OF MEN, DR. MORTON A. ALDRICH, WHO CONCEIVED AND BUILT PRACTICALLY SINGLE-HANDED THE COLLEGE OF COMMERCE FROM A COUPLE OF ROOMS IN THE BASEMENT TO ONE OF THE FINEST OF ITS KIND IN THE NATION. ♣ DEAN ALDRICH IS AN OUTDOOR MAN, USES EVERY OPPORTUNITY TO REPAIR HIS CAMP ON LAKE PONTCHARTRAIN BELOW PONCHATOULA, WHERE HE ROAMS THE SWAMPS, TRACKING DEER AND PLAYING DEITY TO THE FISHERMEN AND TRAPPERS THEREABOUTS. ♣ HE HAS BEEN ALL OVER THE WORLD STUDYING PEOPLE AND ECONOMICS, RECEIVED HIS PH.D. FROM THE UNIVERSITY OF HALLE, GERMANY, AND HAS AN APPROPRIATE, HOME-SPUN STORY TO FIT EVERY OCCASION OR INCIDENT. LOVES TO HELP THE "LAME DUCK" STUDENTS OF HIS COLLEGE, AND ALSO LOVES CLASSICAL MUSIC—ESPECIALLY BEETHOVEN. ♣ DEAN ALDRICH RETIRES THIS YEAR AND WE WILL THEREBY LOSE ONE OF THE YOUNGEST MEN IN SPIRIT IN THE UNIVERSITY.

\*Died March 10, 1939.

RUFUS CARROLLTON HARRIS, now in his second year as president of the University, began an immense and ambitious program of expansion which has already begun to show results, not only in an incredibly improved physical plant and a more able and progressive faculty,

but in the spirit of progress and foresight which accompanies it.

Under the guidance of this quiet, friendly, and capable executive, Tulane is well on its way to a future even greater than its illustrious past.

# A Word From the President

As you look through this book you will see what a group of students at an American University did this year in various activities outside of the classroom. It should be fairly representative of this decade, of this youth, and of a portion of its pursuits. The successful college career consists of an earnest, serious-minded devotion to curricular pursuits, an identification with constructive extra-curricular campus forces, the development of wide and varied interests, the formation of lasting friendships, and the display of a friendly cooperative spirit in all campus relationships.

This, being a college community, is a community of comparatively idealistic people, and these people hope that college life in America will continue along the line it has set and of which Tulane University has been representative for over a century. I hope those graduates of Tulane who look through this book in future years may know that campus activities are following the same pattern and that a foreign political ideology has not changed that pattern or wiped out that campus for insisting that the right of man is freedom—whether he be given it or not.

This year has seen our continued growth and progress in moral, intellectual, and physical stature, and while we thus set down what has passed we hope to insure the future.

# ADMINISTRATION

DR. MORTON A. ALDRICH  
Dean, College of Commerce

This year saw President Harris' "New Deal" go into full swing. All over the campus improvements have been made. Grass, trees, and shrubs were planted all around, roads were paved and better parking facilities afforded. The old wooden fences surrounding the track and field were replaced by modern wire, affording a vista from Freret Street across the athletic field to Willow Street. The wire fences on the other side of Freret Street were supplanted by low posts and chain borders. Wider sidewalks were laid, making it easier to go from one building to another.

The old gym was remodeled for the home of Tulane's new R. O. T. C. Naval Unit, while the old stadium was converted into a rifle range for the "Gob's" practice. Next door the Fine Arts Building was erected for the use of the Tulane Theatre and the Band. The Social Science Hall was given a "steam bath," and the interiors of many buildings were redecorated. Newcomb Dorms were made more

comfortable for the gals, and the stately Warren House was adorned with a roof-garden.

Plans are under way for the construction of several new buildings, including a Student Center, the \$500,000 McAlister Auditorium, and a library which will combine the Tulane, Newcomb and Howard Memorial Libraries.

The improvements were not confined solely to the physical plant. Many interesting courses were added, most notable of which is the course in Naval Science. New faculty members were appointed in several departments. Dr. Frederick Hard, former Professor of English at Tulane, was appointed Dean of Newcomb in the Spring of 1938, succeeding Dean Pierce Butler, who retired.

This year the United States Navy installed the Tulane Unit of the Reserve Officers' Training Corps with Lieutenant-Commander Ralston B. Vanzant, Captain Walden L. Ainsworth, and Lieutenant Jacob E. Cooper in charge. The unit enrolled only 76 candidates this year, but by 1941 it will be brought to the full authorized strength of 200. The future "Admirals" put on an interesting program on Navy Day, and in December sponsored an air trip to the Naval Base at Pensacola, Florida.

A spirited intramural program was inaugurated in the first of this

school year, with Coach Emmett Pare and Kendall Cram at its head. Unit Managers were appointed for each class, and a Student Intramural Council was organized to insure smooth working events. The unit was organized to encourage all the male students to participate in athletic sports. The program should grow in the future with the whole-hearted support of the President and with the interest which the students have already shown.

The Tulane University Theatre made great strides forward. The actors proved their versatility by successfully performing "Petticoat Fever," "Kind Lady," a dress version of "Julius Caesar," and "Aren't We All." The Theatre has grown considerably since it began in 1937, and promises much for the future.

The Cotillion Club sponsored several nationally-known name bands for student-wide dances which were enjoyed by all. The Glee Club continued to be outstanding on the

campus, taking part in the operetta, "Utopia Limited," and presenting several concerts. The Band, under the direction of Mr. John J. Morrissey, pleased the students both in their drill formations and in their "swinging." Mr. Morrissey also formed a concert band which includes both students and faculty members.

The Alumni maintained a close relationship to the University during the year, some of the Texas Alumni being contacted by President Harris on a trip which he took last spring. They gathered from far and near to celebrate the 1938 Homecoming. Highlight of the occasion was a gigantic dinner held in the gymnasium, at which President Rufus C. Harris was the principal speaker and at which were nearly 1,500 Alumni. Homecoming was ended successfully the next day by a decisive victory on the gridiron.

The spring celebration of Founders' Day was the first to be held in twelve years, the last being held in 1927. The day was observed in honor of the founders and all benefactors to the University, including Newcomb College. The Alumni, who have made many generous contributions to the University, also were honored on this occasion.

Not to be forgotten is the enthusiastic school spirit which was born on the campus this year. Several bonfires and parades did much to increase the cheering section at the various athletic events. Undoubtedly this fine moral support—from President Harris on down—helped spur our teams to victory.

Membership of the Tulane University Student Council is composed of the presidents of the various colleges of the University—Medicine, Law, Commerce, Arts and Sciences, Engineering, and Newcomb. Each year a general election is held to select by popular vote the various representatives of each college.

Members of the 1938-1939 Student Council are John W. Sims, President, representing Law; Albert J. Wetzel, Vice-President, Engineering; Roy E. Moon, Secretary, Medicine; Julian P. Freret, Arts and Sciences; Maunsel W. Hickey, Commerce, and Patricia Woodward, Newcomb.

For twenty-four years, Tulane University has rightly been proud of its student self-government which is based upon pure and sound democratic principles.

The Student Council employs a Graduate Manager of Student Activities to provide business-like conduct of student

affairs. Kendall H. Cram, B.A., M.A., is now holding this office, having succeeded Maurice H. Born, B.B.A., in June, 1938. It is the duty of the Graduate Manager to act as agent for the Council in all matters, act in an advisory capacity to all extra-curricular organizations, follow directions of the Council, and to record all receipts and disbursements of student funds, to the interest of the various student activities. The records and accounts are audited annually by the University auditors.

Tulane has been a member of both the National and Southern divisions of the Student Federation Association for many years. A Student Council representative is sent to the Association's annual conventions in order to study methods of student government at other colleges, thereby enhancing the administration of Tulane's student activities.

The Tulane *Hullabaloo*, weekly student publication of the University, attempted to keep pace with the progressiveness of a new era at Tulane during the 1938-39 session. While the administrators renovated, reconstructed and beautified the campus, the *Hullabaloo* received a "new dress." Modern headline type, streamlined, with modern innovations, changed the appearance of the publication.

A very capable staff, augmented by the work of artists Margaret Lee Wendt and Nathaniel C. Curtis, Jr., published the weekly and the frequent supplements in color. The *Hullabaloo* was successful in conducting its second campaign to aid the needy at Christmastime.

Published by the Student Council of the University and directed by an editor, selected by competition by a publications board, the *Hullabaloo* is the official publication of the students of the University. An ambitious business staff, led by Louis McKnight Jones, aided the publication greatly throughout the session.

In this, the 44th volume, we have attempted to portray the college year as informally and completely as possible and in the most modern mediums at our disposal. We have tried to avoid the stereotyped and stiff type of annual usually issued, by a light, modern Tullanian theme and by new and modern art work, type, borders, inks, etc., and we

hope that in so doing we have kept within the bounds of propriety.

As to our staff, the editor and business manager were chosen from the staff by the Publications Board, and the other appointments were made by the respective staff heads, prime requisite being the work and interest shown.

The office became a madhouse when the deadline neared

This year, for the first time since the days of Camp Martin in the World War, uniforms appeared on the campus. Tulane had been added to a small list of selected colleges, which have Naval R. O. T. C. Units.

Four years from now, and every year hence, reserve commissions will be given to the men who, under the able instruction and kindly guidance of the Navy's best teachers, have satisfactorily com-

pleted the required course. That Tulane is proud of her newly acquired status is well evidenced by the welcome the Navy has received on the campus.

The modern, active Tulane University Theatre, composed of ninety-five students and faculty members, laid out an energetic and almost impossible program of four Broadway successes for the season, and the resulting performances were of surprising merit and dramatic worth.

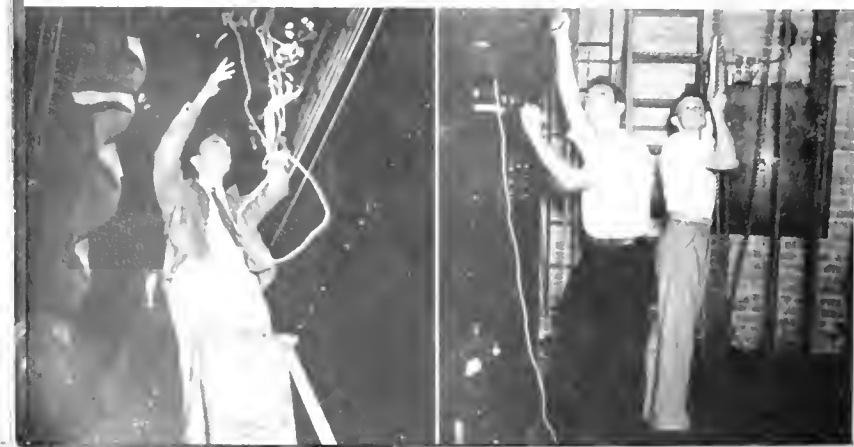

Productions were the Arctic farce *Petticoat Fever*, Edward Chodorov's dramatic *Kind Lady*, a modern dress version of *Julius Caesar*, and a comedy, *Aren't We All*.

# THE TULANE THEATRE

We congratulate Dr. Monroe Lippman, who reorganized the old and lifeless Dramatic Guild into the new, modern Tulane Theatre, for a successful dramatic year and for the important addi-

tion he has thus made to Tulane's cultural life. We feel sure that with the passing years the Tulane Theatre will take its place among the ranking college dramatic units of the country.

Top, Right: Verbon F. Gay, founder and sponsor.

The Cotillion Club, formed December, 1936, under the guidance of Verbon F. Gay, is an organization of 60 Tulane and Newcomb students whose purpose is "to arrange social activities and entertainments by and among the students, faculty, alumni, staff and friends of the University." To this end the Tulane Cotillion Club shall originate, plan and conduct all student dances embracing all of the departments of the Tulane University of Louisiana.

Receiving the cooperation of the administration, faculty, and student body from its very beginning, the Cotillion Club held two successful dances before the close of the 1936-1937 season. Four dances were held during 1937-1938 with two nationally known orchestra leaders, Shep Fields and Clyde Lucas.

The record of the Cotillion Club this year equalled that of other years. Ran Wilde and his orchestra played to a large crowd on Homecoming Night and Paul Whiteman and his world-famous orchestra played in the gymnasium on February 15, 1939, to the largest and most enthusiastic audience in Tulane's dance history. He made his regular Wednesday night broadcast from the dance floor.

Membership to the club is by invitation and trial.

Organized to Promote School Spirit by Means of Pep Meetings,  
Cheering Sections, Freshman Regulations.

The Greenbackers is an organization composed of both fraternity and non-fraternity men dedicated to creating a greater school spirit among the students.

They aided the Tulane University Rooters Klub in staging card displays, sponsored huge bonfires and pep meetings during the football season, spread school spirit stickers about the campus before important games, cooperated with the alumni on Homecoming, and staged various unique displays calculated to rouse student interest and support in athletic contests.

# FULANE UNIVERSITY ALUMNI ASSOCIATION

The Fulane Alumni Association is the agency whereby the University is maintained in the minds and hearts of its graduates and former students. It serves a two-fold purpose. First, it keeps the graduates informed about the activities of their former friends and associates and, secondly, it keeps them posted on University affairs and the progress and plans of their Alma Mater.

This year, for the first time in the history of the Association, *The Fulanite*, its official publication, is being sent to all graduates of the University. The publication follows Fulane graduates into every state in the United States and into many foreign countries throughout the world.

In the fall of 1938 the Association inaugurated an annual Homecoming dinner in the Fulane gymnasium. The largest number of Fulane graduates ever to attend an alumni gathering was present at this first dinner, where the principal address was made by President Rufus C. Harris.

The Association is organized by Fulane and Newcomb graduates, for and in behalf of the University. It invites the members of the senior class of 1939 to join and participate in its activities.

## TULANE UNIVERSITY ROOTERS KLUB

The T. U. R. K. is the organization that selects Tulane's cheerleaders, arranges card displays and other stunts in the promotion of school spirit. The membership is limited to fifty Tulane and Newcomb students and is gained only by invitation. To vary the usual program a card display was staged on the east side of the stadium this year during the Homecoming game so that Tulane fans and supporters could enjoy the spectacle.

First row: Roemer, Trimble, Chauvin, St. Raymond. Second row: Watson, Leverich, Curtis, Carter, Bethea, Alexander. Third row: Butt, Hodge, Hutson, Solomon, McClure, Martin, Breidenbach, Hickey. Fourth row: Schmidt, Leake, Farrell, Reese, Dickson, Leeb, Tebb.

Secretary Young and Civil Law Editor Riseman reading copy.

Editor-in-Chief Favrot, Phi Beta Kappa

The staff works hard and often late, getting out the Review and keeping up with its studies.

The Board of Editors of the Tulane Law Review is composed of the ranking students in the junior and senior classes of the College of Law. Their function is to comment upon particular phases of the law as well as recent decisions of the Supreme and Appellate Courts of this country. In all Review articles, emphasis is placed on the comparative method of legal research, a policy of significant value in the Louisiana system of law, a curious compound of different, and often conflicting, concepts borrowed from both Romanesque and Anglo-American sources.

Although student materials comprise a large part of the Review, also included in every issue are articles by distinguished legal scholars and outstanding members of the bench and bar.

Since its revival in 1929 as successor to the Southern Law Quarterly, the Tulane Law Review has gained recognition both as the first successful legal periodical devoted to the study of Louisiana law and as a pioneer in the science of comparative jurisprudence.

# MOOT COURT C O M P E T I T I O N

The Tulane Moot Court competition is conducted entirely by a Board of Advisors composed of six juniors and six seniors chosen for high scholastic achievement, differing from other universities which operate under faculty supervision.

Benefits of Board work lie chiefly in the judging of cases argued by the freshmen and juniors. Senior Board members act as Chief Justices and the junior members as Associate Justices. Judges in these cases are selected from the board membership or from prominent New Orleans bar members. Eminent judges sitting on cases this year included the Honorable Esmond Phelps and the Honorable T. Semmes Walmsley, and the Court of Appeal for the Parish of New Orleans, which sits annually as the Supreme Court of the State of Tulane.

The Moot Court system is designed to train students in the preparation and argument of actual cases. Main value is the research employed in preparing cases for argument, plus brief-writing and forensics, ordinary tools of the lawyer's trade.

In the academic year 1937-38, Moot Court competition was won by the team of Clifford H. Kern, Jr., and Hermann J. Schulze. Their names were engraved in letters of gold on a marble plaque in the College of Law Library.

# IMPROVEMENTS

Under President Harris' progressive administration, the campus in the early months looked like a building project, but towards the end of the school year it could well be called The Campus Beautiful. Shrubs and flowers were planted all over the campus, the circle was paved, walks laid, trees pruned, winter grass planted, buildings steam-cleaned, interiors redone, in short, the whole physical plant was renovated and beautified.

We present here a few random shots of the improvements with apologies that our record is not more complete.

1. The circle was paved and parking difficulties eased.
2. Graceful lanterns displaced unsightly pole lights.
3. Brick buildings being steam-cleaned.
4. The old gym was renovated and made into the new Naval Building.
5. This new tree lined walk was an unsightly, oily, dusty roadway last year.
6. All woodwork and exterior trimmings were painted.
7. Shrubbery was planted around all buildings and that entire grassy block of campus in the background was raised six inches.
8. Flagstone walks now line former dirt paths. (Ladders of the building beautifiers in the background.)
9. New Fine Arts Building houses the band and theatre. Negro is building up a new lawn. Old stadium in background renovated into theatre workshop and naval rifle range.
10. More walks being laid. This is across the new raised, winter-grass campus.
11. Flagstone patio in front of Law Building replaces bare grassless space.
12. This new road at the entrance of Newcomb is a great improvement over the old wash-board.

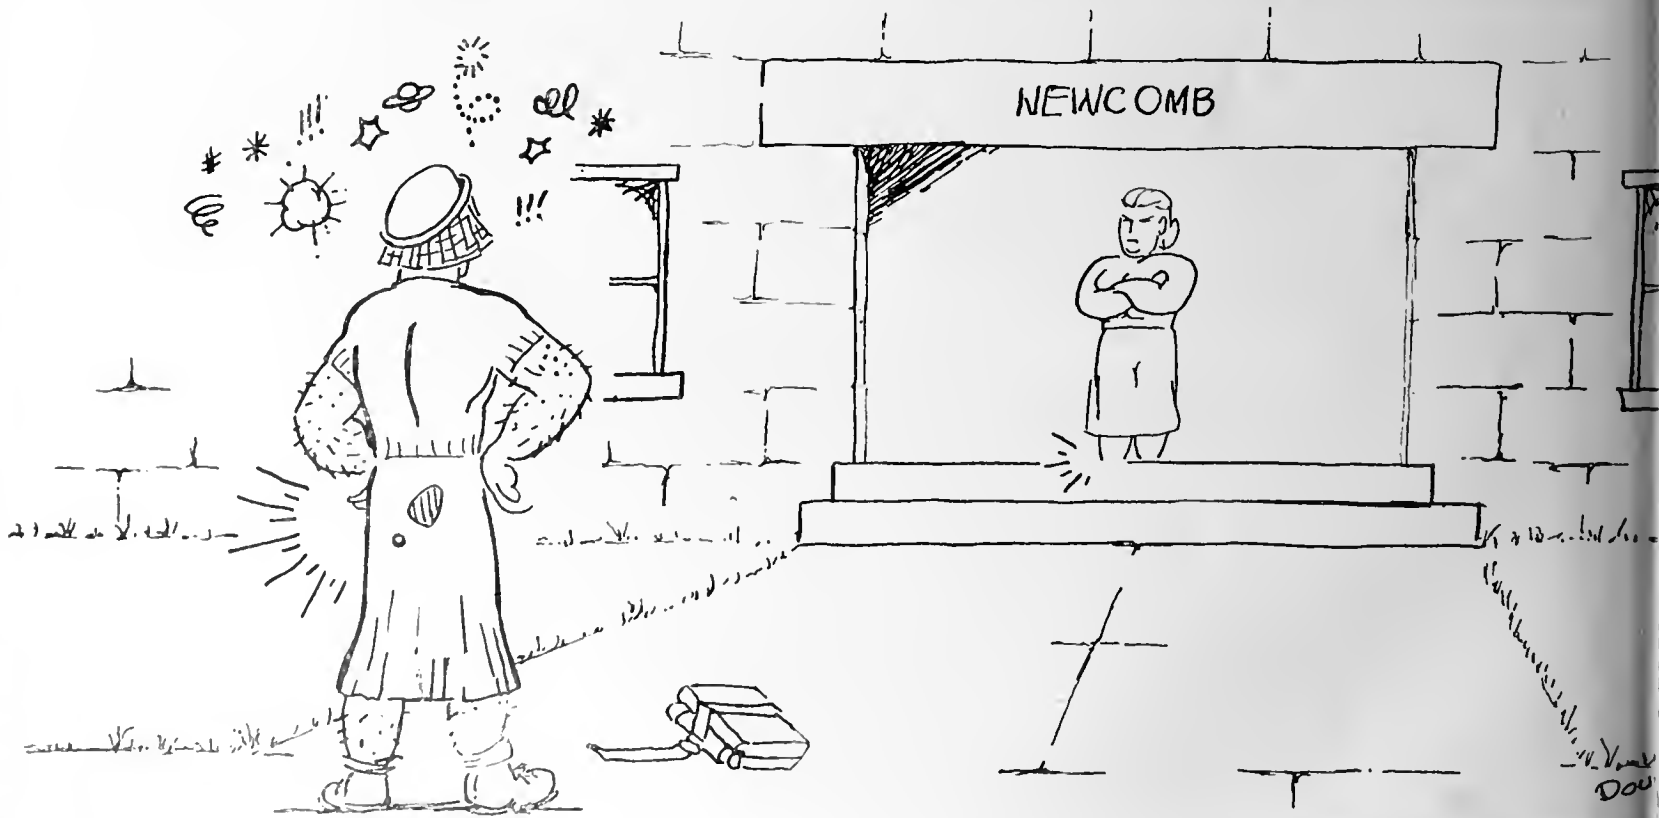

Again this year a Christmas tree appeared on the campus. A model Holy Land stood at the base of the snowwhite tree. At intervals the varicolored lights on the tree would be put out and Christmas chimes could be heard. Tulane again won first prize in the New Orleans' Christmas decorating contest for the tree.

# NEWCOMB COLLEGE

The girls, bless 'em. They study art, or music, or just plain B.A., and then they go out and get themselves married and have to learn to cook and housekeep on their own. Nevertheless, they seem to take their fraternities, their schooling, and themselves more seriously than the boys do.

# SCHOOL OF MEDICINE

Not quite the nonchalant fellows pictured below, the med school turns out a yearly crop of the South's finest doctors. Once a guy gets into this grind, no one sees him again for six hard years, except for an occasional Saturday night breather—that is, if he stays in school.

# COLLEGE OF LAW

Where the lads learn jurisprudence and joviality. Most "do not intend to practice, but are merely getting a broad education," but we notice they all watch politics with a weather eye. There's more intrigue and "inside stuff" going on here than anywhere else on the campus, especially around annual election time.

# COLLEGE OF ARTS AND SCIENCES

These boys study Latin and classics and literature, and will wind up teaching or selling insurance if the "old man" hasn't work for them. But it's a great life, and a very few weaken. And there's a lot to be had if anyone wants it.

# COLLEGE OF ENGINEERING

Where they learn the intricacies of machinery and bridges, and may be seen any afternoon cluttering up the campus with transits and surveying poles. They're the guys who hustle around with slide rules on their hips, and who study and learn a lot more than folks give them credit for.

# COLLEGE OF COMMERCE

They study business theories and salesmanship. So they can "start at the bottom" and work up fast. They learn how to provide plenty of leisure time, but not what to do with it. But they are closer to "success" than the rest of us.

Someone asking how much you had studied, darling - - -  
I told them we had covered a lot of ground - - - . . .

# PERSONALITIES

RAY H. MILLER, JR.—Amiable and easy-going off the gridiron, a real sport and hard player on. Captain Ray best typifies the ideal American athlete so often found in books and so seldom seen in the flesh. An outstanding man on the campus, Ray belongs to ODK and Kappa Delta Phi, and is known and admired by the entire student body.

EARL C. COULON—The *Hullabaloo's* hustling managing editor, Earl has several journalistic irons in the fire, aspires to a metropolitan editorial position. His modern and lively *Hullabaloo*, well representing the best elements on the campus editorially, is a difficult job well done. Nice going, Coulon.

C. A. TOOKE, JR.—“The Little Man” is a motivating force behind much of the Law School student policies. He manages to have a potent but almost unseen finger in numerous campus doings. Prexies Phi Delta Theta and treasurer-directs Pan-Hellenic. Affable, friendly without backslapping, C. A. should go places in the legal profession.

FORD W. REESE—Last year's trucking cheerleader, “Zeke,” with his shock of fiery hair, ready grin, and pungent wit, has a host of friends and followers. One of the leaders of T. U. R. K., Zeke has contributed much toward a strong campus spirit. Prexies Beta Theta Pi.

ALBERT J. WETZEL—Another likable redhead, he presides over the Engineering student body, is a member of the Student Council and ODK. Manages the baseball team, likes a good joke. Wants to get into West Point, and usually gets what he goes after. Nothing's too big for “Red” to tackle.

WILLIAM G. MOFFAT, JR.—Prexies the Commerce juniors and Phi Phi. Billy can business manage any campus undertaking to success. Likes to hunt and fish. Big ambition is to manage a large hotel. Belongs to the Greenbackers, the Cotillion Club, Pan-Hellenic, and the Tulane Theatre.

NED RICHARDSON—Sports writers playfully dubbed him "Three Minute Man"—footballled three years, played three minutes. Lettered. Self-appointed "Captain of the Red Shirts." "Patsy" is liked by everyone who knows him, and is known by everybody. He prexies DKE and the Commerce seniors.

J. H. DOLAN TIPPING—Wittiest feature writer to enliven the *Hullabaloo* pages in years, "Dodo" is a lover of the brighter side of life, a real mixer. Fits in anywhere, good conversationalist, and should wind up an excellent lawyer. He gets more kick out of life than most anyone we know, except maybe . . .

STEPHEN C. MUNSON, JR.—Good times artist, playboy, the guy with a thousand friends and nary an enemy, Steve manages to do well scholastically and yet make the most of campus life and New Orleans society. Works in the sugar industry summers, and his ambition is to be a big sugar planter.

WALTER ANTIN—JAMBALAYA staff photographer. Can take a picture anytime, anywhere. Proof is our snapshot and activities section. Agreeable and able, Walt has proved an invaluable aid to the publication. He's a member of ZBT, and takes an active part in campus activities, including the Tulane Theatre.

CLAUDE G. RIVES, III—With his winning manner and friendly smile, Claude has won a host of friends. A senior in Commerce and an active member of T. U. R. K., his personality and ability should take him places in the business world.

# PERSONALITIES

RALPH M. WENZEL—All-Southern end in football, baritone in the Glee Club and A Capella Choir, member of the Bardics and the Honor Council, and a Phi Delt, Ralph is one of the most versatile men on the campus. Companionable, a hard worker, intensely serious, yet ready for fun, Ralph is a good guy to have around anywhere.

JOHN J. MORRISSEY—Dynamic new band maestro, Professor Morrissey has already impressed his personality firmly upon the campus. He enlivened the band with swing songs and tricky formations, and organized a bang-up symphony orchestra. Chief hobby is photography—is seldom seen without a camera, and has had several pictures hung in New York salons.

WOODLEY C. CAMPBELL—Hard-working *Jamb* co-associate editor, he and his associate shouldered the bulk of the staff work on this volume and did a masterful job. Honor student, whimsical personality, fun-loving, "Gob's" a swell guy to work or play with.

DONALD S. McLELLAN—Outdoor man, likes hunting, fishing, sailing, plays a hot badminton game. Donnie is equally at home in society, mixes well, and has a host of friends. He has been at Tulane three years and in three different colleges. Is at present burning up the College of Commerce. Donnie belongs to Beta Theta Pi and is active in T. U. R. K.

JACKSON L. BOSTWICK—An outstanding senior medico, Jack presides over the Nu Sigs and possesses one of the rarest senses of humor going. He hails from Miami, Florida, is a Phi Delt, and a member of Medical Pan-Hellenic. Likes to eat and to play tennis. Is very good at both.

ROBERT U. BLUM—Industrious, effervescent, "Rubby" edited last year's *Jamb* while maintaining a Law Review average. Belongs to DKE and four honorary fraternities, and has taken an active and leading part in too many campus activities to list. Rub has held numerous elective campus and organization offices, is at present Law School vice-prexy.

STEWART J. KEPPEP—Quiet, efficient *Jamb* business manager, "Buddy" is a crack salesman, mostly because of his perpetual good humor and his determination. In his leisure time, what there is of it, he can be found sailing or tinkering with woodcraft. He's an A. and S. junior and is active in the Camera Club.

ARTHUR J. WALLACE—Hails from Tampa, Florida, and is one of those hard-working, long-suffering medic undergrads. Amiable and assured, Arthur is one of the best-liked medics on the uptown campus. He belongs to Kappa Alpha and Nu Sigma Nu med fraternity.

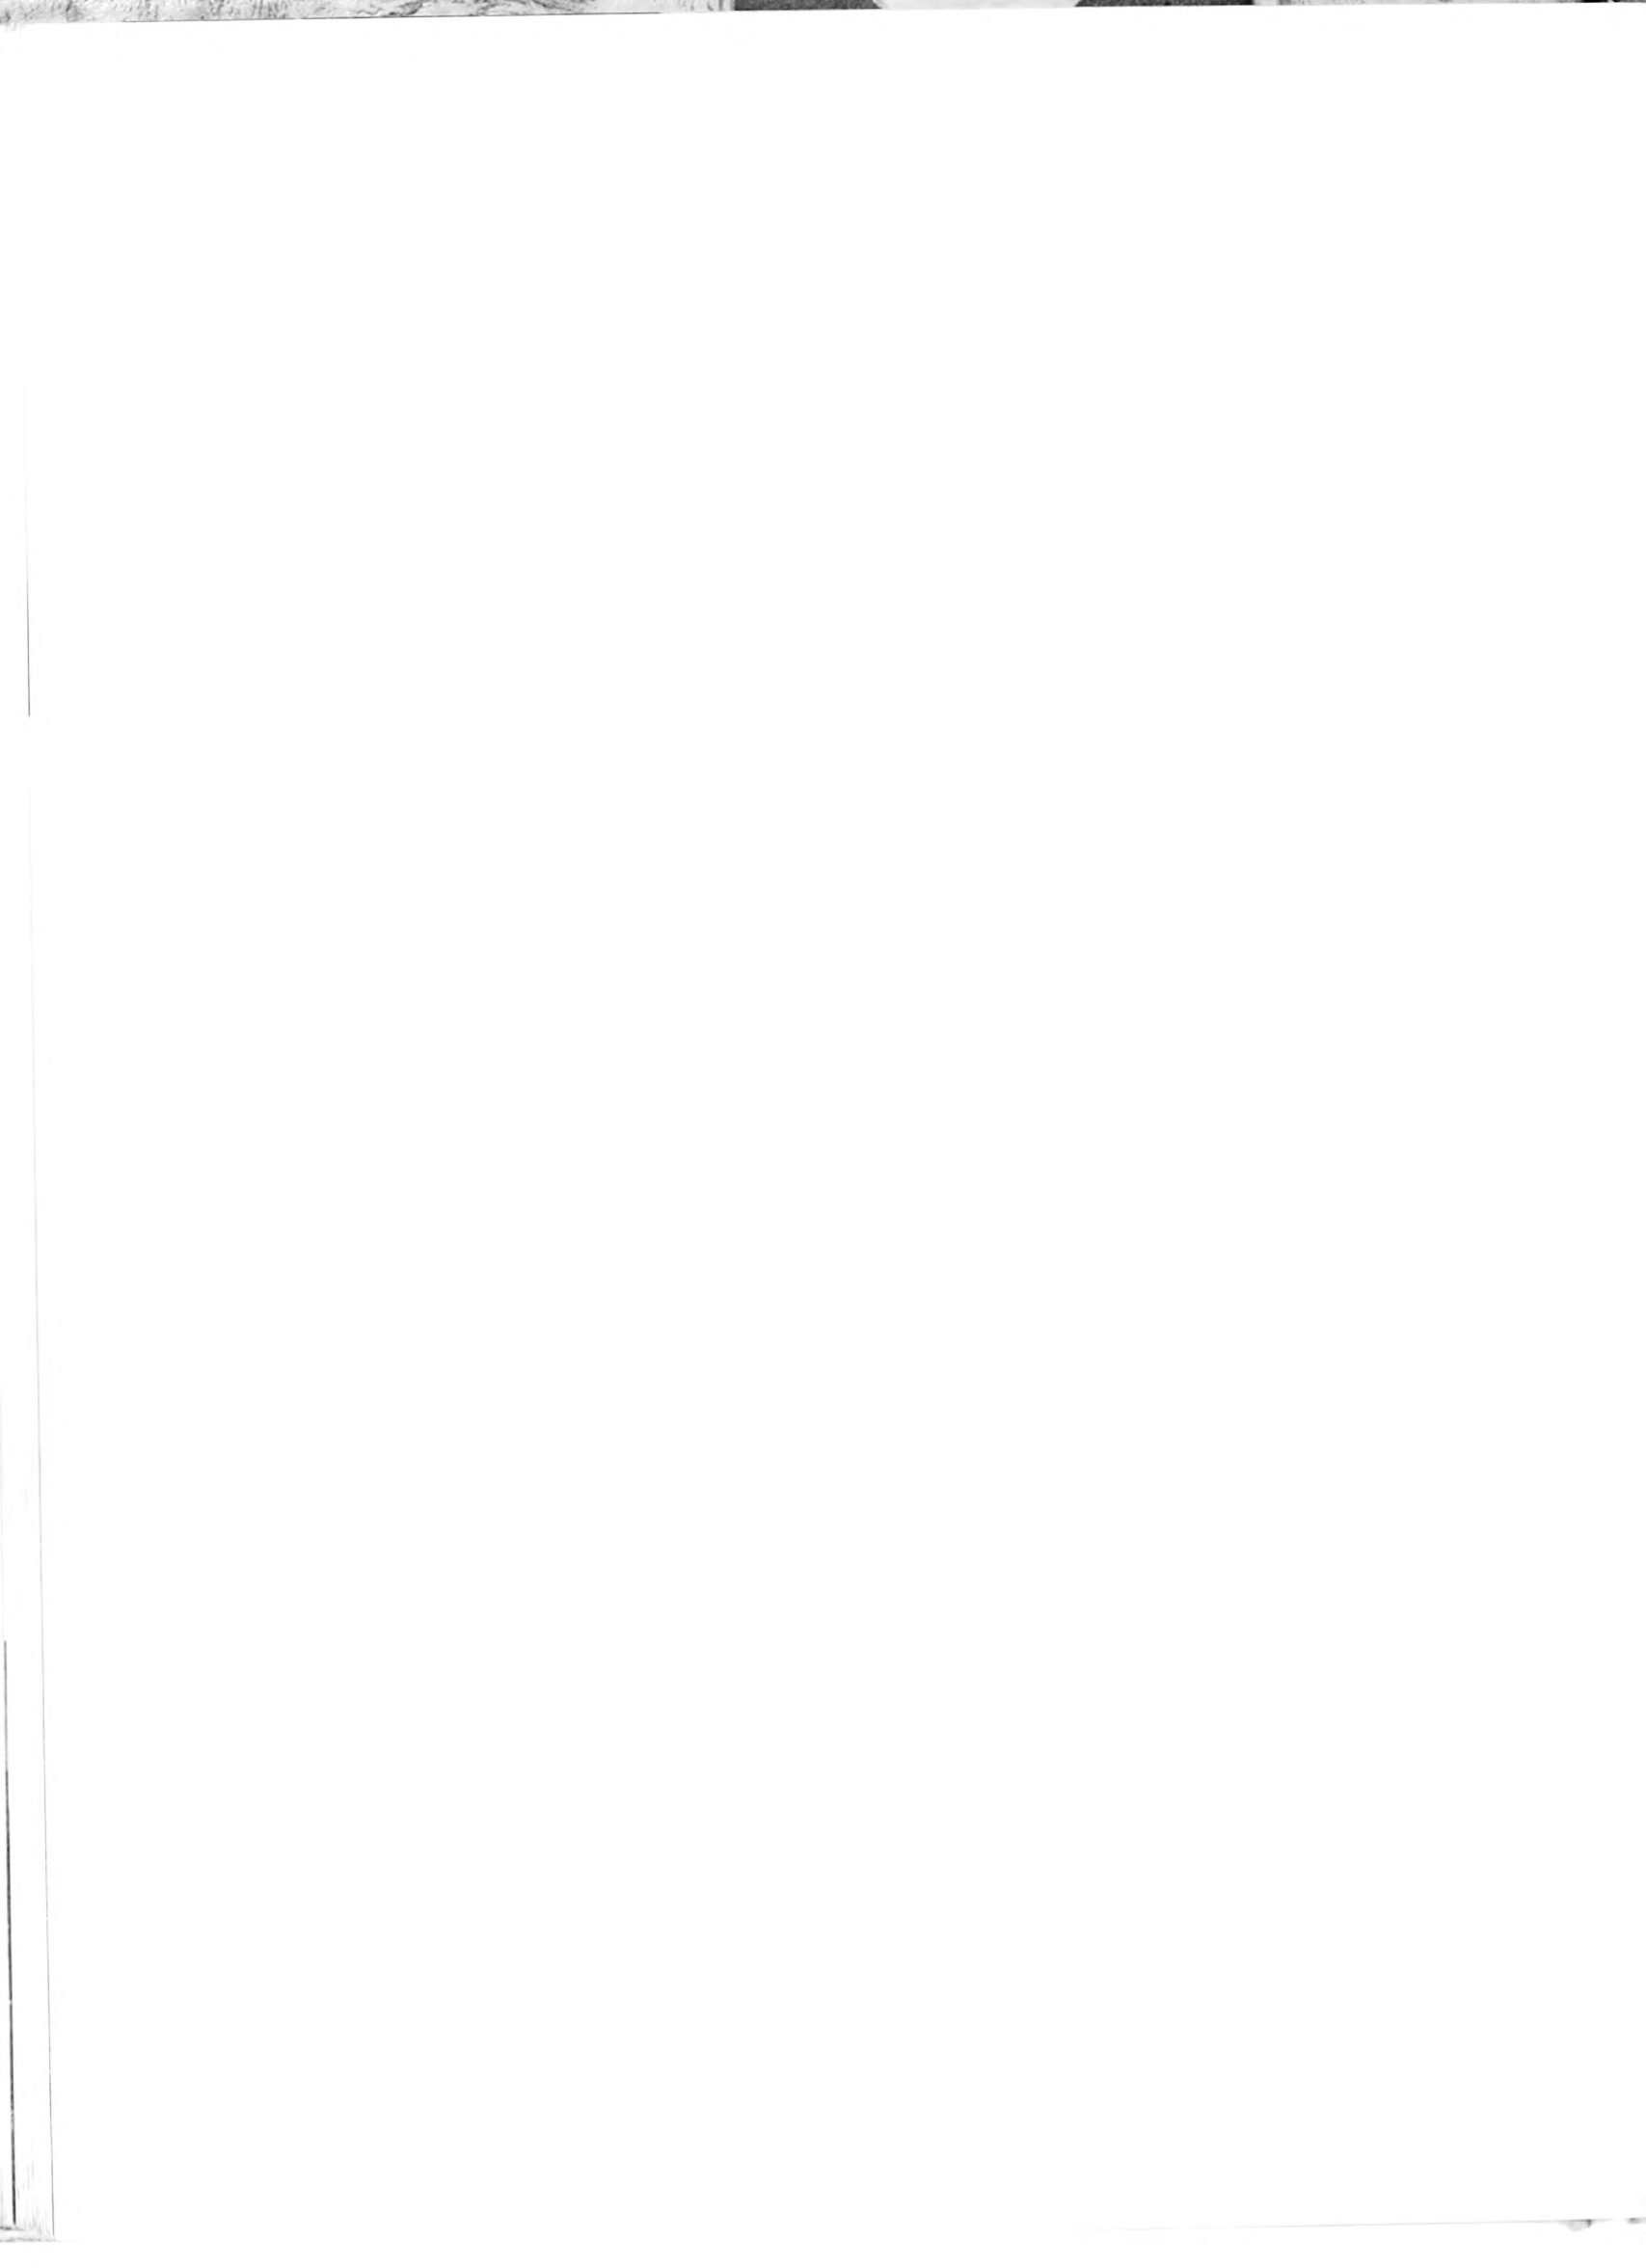

BERNIE L. SMITH—Rough, roving Wave center, crackerjack footballer, tip-top fellow. Bernie constantly gave fans a thrill on the gridiron, with his quick temper, bare arms, and flashy game. Away from football, he's quiet and affable, gets along in any crowd. Bernie's from Clarksdale, Mississippi, and aims at running a plantation when he finishes school.

PAT F. BASS—Industrious associate editor of the *Jamb*, Pat is a real hustler, is easy to get along with, and is in a constant good humor. Takes candid snaps, is a Camera Clubber, and playing tennis takes much of his spare time. He's a Phi Delta Theta, but spends much of his time over near the AOPi rooms.

ROY E. MOON—Med student body president, Owl Club member, ODK, Roy is tops around the downtown school. He is secretary of the Student Council, served on the Honor Council, is a TKPsi, and belong to numerous honorary fraternities. Roy hails from Chandler, Texas, where he intends to practice medicine, unless something "comes up."

## THE SIDELINES

15. Assistant Manager Eustis mopping a mean mug.
16. Greenbackers prematurely hail a Miss. State funeral in one of their colorful school spirit stunts.
17. "Sidelines" Seither spots players and identifies them for the scribes.
18. They come out of the fray mighty disgusted at times.
19. Trainers get hot, too, eh Mr. Monk?
20. Portrait of a track coach getting pointers from a football game.
21. "Red" Wetzels, soon as he finishes scratching, about to give some information to the scoreboard.
22. Rested, the boys always are ready and come back for more.
23. Dawson's "brain" rests his weary brow after a hard quarter.
24. The "Jitterbug" gets that last-minute instruction.
25. Is he that disgusting to look at, Red? He's a good boy.
26. The boys on the scoreboard were busy during the Mercer game.
27. Ray keeps a weather eye on his boys out there.
28. Hey, Mr. Monk, how about fixing this thumb?

10. One of the book store nature class.
11. Hollywood homework.
12. Art students study Petty.
13. Gus amuses the work room fluffs.
14. A midnite oil lad.
15. Studyin' Yeah, Saddy Evenin' Post.

1. Red nails in the sunset.
2. Hen session.
3. Body beautiful under a strain.
4. Prostrated.
5. Now will you leave my man alone.
6. Newcombites???
7. Penthouse painters.
8. Steady, this won't hurt—much.
9. Look out for snakes.
10. Night life in the Dorms.
11. Once over lightly, you sorry freshmen.
12. Well, aincha never seen a gal in shorts?
13. Danger, Wet Curves.
14. Doggone this sock.
15. Something the boys would like to see more of.
16. Ditto.

## THE PASSING SHOW AT NEWCOMB

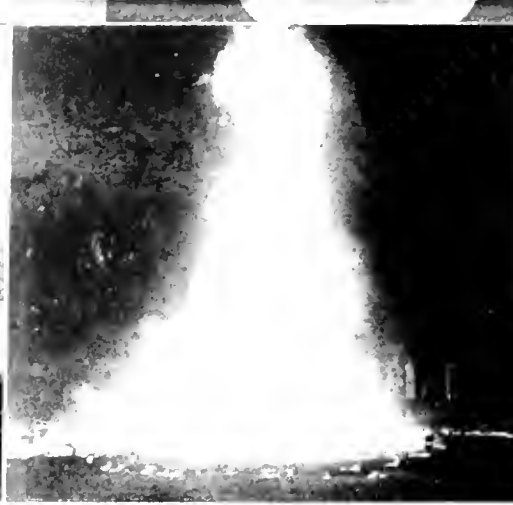

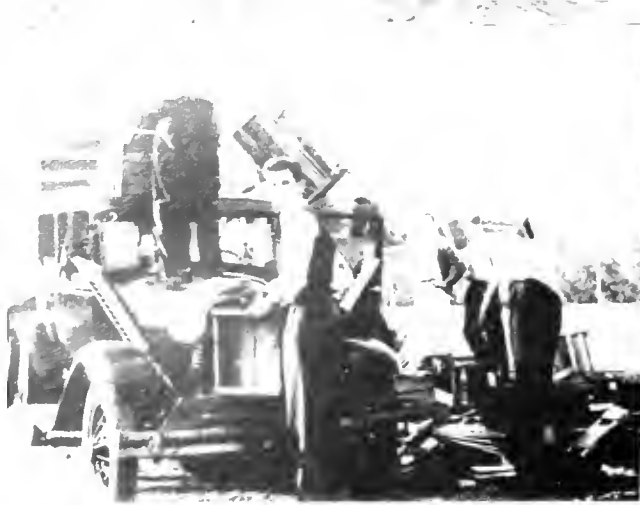

# NOW AT TULANE WE HAVE:

1. The world's most popular man.
2. A president who keeps "in" with football officials.
3. Penny-pitching med students.

# THE SPORT YEAR

## FOOTBALL AT TULANE

Paul Tulane's athletic sons did all right by themselves in 1938-39. The football Greenies cancelled three old debts and paid cumulative interest in so doing.

Coach "Red" Dawson's T-men smashed the University of Georgia, four touchdowns to one, thereby beating a jinx foe that had long pestered the Green.

These same Dawson "gang busters" beat L. S. U.'s Tiger Men after three years of suffering from their claws.

And Charlie Rucker's Little Billow racked the Baby Bengals up with a vengeance for the first time since the war.

"Grass Drill."

Trainer Claude "Monk" Simons, president of the S. A. A. U., one of the best-liked trainers in the business. Monk has conditioned Wave great since 1919.

The Wave played its third annual scoreless tie with Auburn, lost its second annual game to Alabama by a field goal, beat North Carolina's Tar Heels by a placement margin, lost to Clemson by the difference of a kicking foot and running feet—10 to 13—and beat Rice and Mississippi State decisively.

Mercer and Sewanee provided the laniappe to the victory column.

Tulane's boxing Greenies, too, had their moments, although the glove swingers' record shows two losses and a tie coupled with two wins. In the dual meet with L. S. U. at New Orleans, the Wave lost a 6-2 decision, but the fans were treated to Captain Dirmann's annual win over Tiger Golsan. The Wavemen made a very poor showing in the Conference meet, losing all their fights in the first round.

In basketball, the Greenie record for the season was only a bit better than mediocre. In December the team took a Western trip as far as the Pacific Coast, but the results showed an almost negligible balance in games won. The highlight of the season was the annual series with L. S. U., in which the Green Wave won two and lost two of the games. In the conference championship tourney, the Wavemen were beaten by Auburn, 40-30, in their initial game.

In tennis, golf and baseball, Wave teams carried on with a degree of success.

Individual stars of tennis were Billy Westerfield, Donald Doyle, Guy Cheng and Joe Abrams, while Vincent D'Antoni again paced the golfers.

The track team won two of our dual meets and furnished the conference champion in shot and discus, Millard White winning first place in each event.

The Greenie baseballers showed better in their second year of existence in recent years, and turned in some bang-up playing jobs against the local preps, the Minnesota Gophers, the Sailor boys from New Orleans and Chicago, and others. Blessey was outstanding as a pitcher, with revamped gridders Fred Cassibry and Bob "Jitterbug" Kellogg also showing great ability to retire their opponents by the strike-out route.

The year saw a revival of interest in intramural sports, under closer supervision of a new director. Team and individual champs were crowned in football, basketball, softball, tennis, badminton, and other sports.

Young Lowell "Red" Dawson, turning out his third Greenie grid machine, took a bunch of green sophomores, a few juniors, a sparse sprinkling of seniors and whipped them into a football squad that was considered one of the best in the country at the close of the season.

Aiding him in this project were Bill Bevan, line coach and former star guard on Minnesota's eleven; Glenn Seidel, backfield coach and teammate of Bevan's; Pete Mailhes and trainer "Monk" Simons, Sr.

Dawson's Greenies started slowly with a 13-10 loss to a surprisingly strong Clemson eleven. Next came the third straight 0-0 deadlock with Auburn's Tigers, and from that time on the Green Wave was a great ball club.

Mid-season disaster developed when the green-clad boys journeyed to Birmingham for the Alabama tilt which resulted in a slow 3-0 victory for the Crimson Tide. The perfect timing and evidence of wonderful coaching which was so prevalent the week before in the Mississippi State

win was completely gone. The Greenies were pushed all over the field and never came close to scoring.

Coach "Red" never lost confidence in the ability of his boys to come back. They lost the opener and all he said was, "They'll do better next week." And they did. Not only that, but they improved from week to week, suffering but one letdown the whole season. The grand finish which saw the Louisiana State Tigers crushed before the Green Wave onslaught, 14-0, was evidence enough that the young Tulane mentor is as good a coach as there is in the country.

### Tulane, 10; Clemson, 13

Opening very maudpiciously, the Greenie squad, using the unit system of wholesale substituting, dropped a 13-10 decision to a hard-fighting band of Clemson Tigers who drove through in the waning minutes to score the winning touchdown after having trailed the Green Wave throughout the game.

## THE GAMES AS WE SAW THEM

The work of Warren Bronco Brunner, Greenie left half-back, was outstanding. He made several beautiful runs, one for 46 yards which saw him being knocked out of bounds on the three-yard line. Little Bob Kellogg, jitterbug back, came in to kick a field goal which almost proved enough to beat the Clemson boys.

### Tulane, 0; Auburn, 0

Auburn's Tigers came to New Orleans, and for the third straight time the game wound up in a scoreless deadlock. The Greenies were improving though, the blocking and tackling was better, and Auburn just managed to stave off a score when Brunner returned an Auburn kickoff 82 yards, being stopped on the 15-yard stripe. They drove

it to the two-yard line, but the Plainsmen held and all was for nothing.

The Tulane defense held up with the usual stubbornness and it was the brilliant play of Millard White, Harley McCollum and Ralph Wenzel that kept the Tigers from scoring. They bogged down once on the Tulane nine-yard line. It was a spectacular tilt even with the lack of scoring. The Wave gridders were getting better. Fans could see the improvement over the Clemson game.

### Tulane, 17; North Carolina, 14

Courage was what stood out in the Greenies' 17-14 win over a good Tarheel eleven—courage and the All-American playing of Warren Brunner, who personally led a drive

Brunner raced 26 yards for a touchdown. George Stirnweiss' one-yard buck tied the tilt up at 7-7, and Bob Kellogg came in to kick a field goal from the 16-yard line, which put Tulane out in front at the half. George Watson, Tarheel back, then stepped 26 yards for a touchdown, and the score stood at 14-10.

But Warren Brunner's flaming spirit led the Green Wave down the field in a gallant drive from his own 35-yard line to the five-yard stripe, from where he took a lateral from Krueger and tore his way over the goal line. A few minutes later the game ended, 17-14 for Tulane.

### Tulane, 26; Rice, 17

Rice's highly touted bevy of heavy Owls rolled into town for a go with the Greenies, and despite the wonderful passing exhibition put on by the great Ernie Lain, it was just too much Tulane. The 26-17 score tells the story—it was a thriller-diller and strictly an offensive tilt.

Harry Hays, Red Cassibry and Fred Gloden in the backfield, Henry Flower, Al Bodney, Harley McCollum, and DeFraites in the line sparked the Greenies to victory. It was the No. 2 team that rose to heights against Rice, and what a game they played!

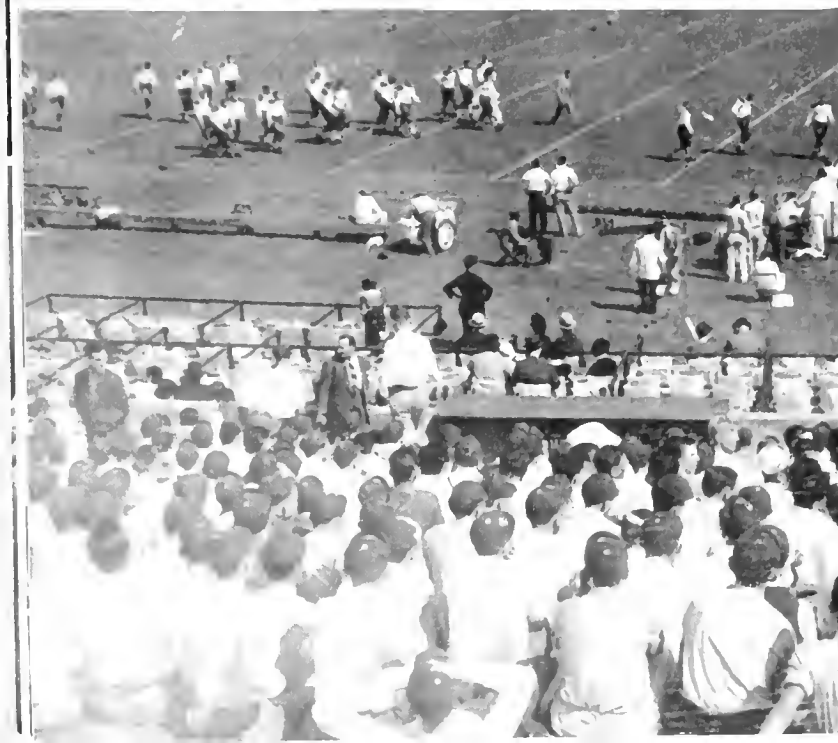

In the Rice game Paul Krueger earned his spurs as one of the greater quarterbacks in Tulane history. He had the Owls daify the way he called his plays. The Owls kicked a field goal and led, 3-0. But not for long, a forward pass off a double lateral found Krueger taking in the ball and hurrying his way for a 24-yard touchdown jaunt. Bodney snagged Brunner's pass for another score, and it was 13-3 at the half.

Then Hays smashed over to culminate a 46-yard drive and the Greenies were way out in front, 20-3. Lain's throw-

ing brought two more scores for Rice. Butler lunged over from the eleven-yard stripe for the final Greenie score, and the game ended, Tulane 26, Rice 17.

### Tulane, 51; Mercer, 0

The boys in green had no mercy when the little Mercer Bears stepped out on the field with them. The Bears were swamped under an avalanche of touchdowns which resulted in a total of 51 points, 551 net yards from scrimmage and 27 first downs for the Wave. Banker, Hays, Bond, Gloden, Brunner, Butler and Kellogg scored touchdowns in the order named.

### Tulane, 27; Mississippi State, 0

Driving hard behind the devastating blocking of the Greenie A and B lines, Brunner, Banker and Butler ac-

counted for four touchdowns, one each quarter, to shut out the Mississippi State Maroons, 27 to 0. Butler punched over two of the tallies, roaring through for constant gains after the charging linemen opened up gaping holes for him.

Spike Nelson's boys didn't have much of a chance against the powerhouse Wave attack and the handwriting could be plainly seen on the wall before the first period had terminated. Both A and B teams operated well and it looked like the Alabama boys would be in for it the following week up in Birmingham.

### Tulane, 0; Alabama, 3

Tide as the ball sailed between the uprights from the toe of Vic Bradford, 'Bama quarterback.

It was a slow tilt. Greemie offensive bogged down and staved down the whole game. Helping in the bogging though, was little Tider Herky Moe-lev, who punted beautifully all afternoon. Alabama played a smart game. Their defense was airtight and they diagnosed plays with remarkable ability. The Greenies couldn't go anywhere and the Tide did some fancy prancing up and down the field always being stopped by the Wave line when in a threatening position.

Then as the end drew near and the score was still deadlocked at 0-0, Charley Boswell sparked a Tide drive for 35 yards, placing the ball on the Tulane nine-yard marker. With last down and still nine to go, Coach Frank Thomas rushed Bradford into the game and the 'Bamian's educated toe sent the ball through the uprights for a three-pointer, which was the margin of victory.

### Tulane, 28; Georgia, 6

Billy Payne, who hadn't been showing his usual running ability in the early season games, stepped out in the field and turned the Georgia-Tulane game into a rout when he raced spectacularly through the Georgia secondary for three touchdowns and generally ran wild against the Bulldogs. The final score was 28-6.

Runs of 24, 12 and 26 yards were made by Payne in his touchdown saunters. Besides that he got loose for several other nice gains in the course of the game. Brunner went for 16 yards and the final touchdown. Georgia scored on a pass from the 18-yard line.

### Tulane, 38; Sewanee, 0

Sewanee, the little fighting milkfed Tiger, hustled down from the mountain and straggled back after taking a 38-0 shellacking from the Green Wave. Golomb scored two touchdowns, Brunner, Gloden, Banker and Kellogg adding to that to bring the final result. It was just a warmup for the big Tiger tilt the following Saturday.

### Tulane, 14; Louisiana State, 0

Warren Brunner's ankle was broken early in the game and blood was drawn from scores of people—even spectators—but the Tulane Greenies smashed and drove their way through the Louisiana State Tigers for two touchdowns and a clear-cut victory at Tiger Stadium before a capacity crowd which had no scruples about joining in the physical contact. The score wound up, 14-0 for the Wave.

The Wave lines opened huge holes in the Tiger forward wall, especially on the weak side reverses, and Brunner, Kellogg, Cassibry, and Banker stepped through for consistent gains. Kellogg was the outstanding back for the Greenies. The fiery little jitterbug ripped past big Tigers time and again. Playing with reckless abandon, he stole the whole show.

"Red" Cassibry scored the first one on a 12-yard sweep around left end. Kellogg pushed over the second in the third quarter when he sped from the 6-yard stripe. People roared, goalposts were manhandled and knuckle sandwiches were had by many. It was a great game—for Tulane.

OR TULANE, 20: L. S. U., 0

The 1938 Freshman team not only shapes up as the best in the history of the school, it not only whipped the hated Tiger frosh from L. S. U. at a time when the Bengal threats at a Southern football monopoly were just beginning to skid, but it also bids fair to supply the most promising Tulane varsity since the 1931 Rose Bowl team with enough regular prospects to line the stacks three deep at every position.

Bob Glass, the Massilon, Ohio, back who threatens off the strength of his three performances against Southeastern in Hammond, Alabama, and L. S. U., to go down as a Tulane immortal, looms as the greatest prospect of a group that boasts many. Jimmy Thibaut showed up so well at fullback in spring practices that he was shoved into the number one spot ahead of such seasoned veterans as Butler and Gloden on the varsity. Bob Grush, Jack Tittle, John Sims, Louis Vincent, and Johnny Micelle are other very promising backs.

Linemen who stood out during the season and spring practices were Charley Dufour, Gordon English, Bob Wilson, and Pete Mandich. Moon Mullins, pass catching end, is another prospect who played well in the season games and looked good enough in spring practice to step up to the first team at the injury of DeFraités.

Louisiana State fell by a 20 to 0 count in the last tilt on cold, windy Thanksgiving Day. Southeastern went down before the Bil-blow 19-0 when Bob Glass showed his stuff up in Hammond, and Alabama eked out a 19-13 win on much bobbed last minute touch-down pass.

CHARLES RUCKER  
Amicable Frosh Mentor

For the first time in fifteen years, Charley Rucker's frosh bowled over L. S. U.'s Baby Bengals, and did so in a surprisingly handy fashion, 20-0. Considering the length and the type of practice the frosh indulge in, the victory proved that they have more than ordinary talent, because the L. S. U. team was no pushover, and it looks from here as if the 1938 Wave frosh should supply the university with a championship team, possibly two, considering the other leftover material Dawson has to draw from.

# BASKETBALL

Greene cagers had a rather mediocre season, playing erratic ball, good at times and not so well in other spots. The 19-game schedule included a Western tour in December. Coach Little Monk Simon's fairly large squad took to the road in rather poor shape, due to lack of practice.

Houston was the first stop on the Western tour, where the powerful Rice Owls defeated the Waycagers 40-18. Pare was minus his usual accuracy at long range, and the whole team was pretty inconsistent.

tet showed improvement over the Rice encounter but dropped a close one, 26-32, after leading at the half-way mark.

On December 16, Tulane's traveling basketeteers met Southern California's Trojans and came out on the short end of a 40-24 score. Al Bodney starred, and was one of the most consistent players during the trip.

The high spot of the California journey came in the game with University of California at Los Angeles when the Greenies put on a last minute spurt for a 37-35 win. Harmon, Bodney, and Pare starred for the Green team.

The New Mexico Aggies, played on the return trip, were too much for the Green Wave, and ran up 61 points, holding the Wave to 41.

In the second game the New Mexico team was again victorious, 63-45.

Back in the Wave gym the squad dropped two games to Alabama, 32-41 and 31-38, to open the Southeastern Conference play. A week later the Greenies showed better shape in taking the New Orleans Athletic Club, 49-41. Ole Miss at Oxford, next on the schedule, split a two-game series with the Greenies, taking the opener, 23-33, and losing the second game to the Wave, 40-35. A one-night stand in Atlanta found the Georgia Tech cagers one point better, as they nosed out the up and coming Wave squad, 32-31.

Back in New Orleans the team ran over Troop 65 roughshod, 46-26.

Showing plenty of improvement as the season progressed the Tulane quintet split the series with a snappy Millsaps five, with a 34-26 win in the first game and a 29-33 defeat in the windup.

Given little chance against the Louisiana State Tigers, the Green Wave traveled up to Baton Rouge for a two-game series. The initial game went to L. S. U., 33-36. The next night the Greenies reversed the score and came out on top for a 36-33 win, due to the fine playing by Pare, Harmon, Jumonville, Brunner, and Bodney.

Fighting It Out With 'Bama

The Wave met Tiger for a return match in Tulane Gym with high hopes. The first night, through some hustling and accurate shooting, the Greenies won 36-30. However, on the next night's encounter a strong L. S. U. team hit the baskets more often for a 41-31 victory. Mandich and McGee played a fine game for Tulane. This game closed the schedule for the Tulane squad, leaving only the South-eastern Conference Tournament.

At the tournament in Knoxville, the team was downed by Auburn 40-30 after dropping the nice lead they held at the half.

Players who saw action during the season included Paul Pare, Captain Gene Harmon, Al Bodnev, Buddy Jumonville, Johnny McGee, Pete Mandich, Roland Pertuit, Fred Cassibry, Lew Harris, Warren Brunner, Joe Anderson, Billy Bland, and Einar Pedersen.

Probably the best conditioning sport on the campus is boxing, and the facilities of Coach Monk Simons' boxing department probably serves more "non-athletic" fellows than any other on the campus. Monk's squad, many of whom do not even hope to engage in inter-collegiate fighting, is the largest of any sport, and probably keeps more Tulane students in shape than any other.

Opening the 1939 boxing season against the Maroons of Mississippi State, Tulane's Greenies managed to eke out a close  $4\frac{1}{2}$ - $3\frac{1}{2}$  win with a team made up of a large number of sophomore sluggers. Bantamweight August Fischer of Tulane, started it off with a draw against Ed Mobley of State. Henry Davis put the Maroons in front with an easy first round knockout of featherweight Julian Freret; then Tulane's Van Hart got a draw with Buford Blunt in the light-weight division. In the welterweight fight Top Finley, a newcomer, surprised fans by his fine showing when he got a draw with Russell Long of Mississippi. In the senior welterweight berth Louis Jones, another Tulane newcomer, evened the count by a decision over Neal Taylor; Maroon Jimmy Box decisioned Captain Johnny Dirmann, but Cy Hickey's K. O. of Marvin Campbell put the Wave even again. Then Warren Jaubert got a decision over Red Ruffin of Mississippi to defeat the Maroons.

Bama's Wallace got a technical K. O. over August Fischer in the third, while Miro of the Tide decided Howard Kuntz in the featherweight class. In the lightweight division Joe Bistowish won over Alabama's Greenwood, but Top Finley of Tulane lost to Deberardino in the welterweight fight. Cy Canzoneri got a questionable decision over Greenie Nels Slavton in the last fight to get a 4-4 draw for Alabama.

#### L. S. U., 6; Tulane, 2

L. S. U. made short work of the Greenies in their dual matches. Al Michael won over Tulane's Fischer, then the featherweight match was forfeited to the Tigers. Snyder Parham downed Van Hart of Tulane, then Top Finley got a draw with Rodney Belair. Heston Daniel got a technical K. O. over Greenie Lopez, but Johnny Dirmann won over Tiger Golsan. Cy Hickey

drew with J. B. Sill of L. S. U., but Jaubert dropped his match to L. S. U.'s Trochesset by a technical K. O., and L. S. U. won, 6 to 2.

#### Tulane, 5; Ole Miss, 3

Tulane got five decisions to win over Ole Miss in the last dual match. August Fischer over Billy Ross, Julian Freret over Linton North, Top Finley from Joe Bullock, George Lopez over Leo Jaco, and Warren Jaubert over Cliff Shirley. Ray Medlock downed Van Hart, Steve Wilkerson decided Nelson Slavton, while Farmer Burns did the same to Cy Hickey to gain three wins for the Rebels. Tulane's victory, 5 to 3.

#### Conference

Tulane traveled to the Southeastern Conference tournament in Tampa, Florida, but lost all her fights in the first round, no Greenie advancing beyond that stage.

# CINDER PATHS TO GLORY

With Big Bill Kirchem hurling his 220 pounds down the cinder path to victory in the dashes, and Millard White showing sensational ability by winning two first places in the Southeastern Conference meet, the 1937 Greenie track team wound up the season with two wins, two losses and 23 points in the annual conference meet.

Captain Harry Waugh won his share of first places in the century, losing in the Southeastern preliminaries when a spike ran through his shoe and entered his foot, forcing the Wave sprinter to drop out of the race.

Millard White, ace weight man, won the shot and discus

events almost every time he competed, and it was a Greenie team minus his services that lost a 64 to 53 meet to Mississippi State in Starkville. The Tigers from Louisiana State dropped the Wave cindermen by a 80 to 32 count despite White's victories in the shot and discus events.

Victories over Ole Miss and Alabama featured the mile relay team of Billy Payne, Sam Barthe, Craig Roth and Harry Waugh. Einar Pedersen and Dick Corales looked good in the pole vaulting, while George Kohl came through with a third place in Southeastern Conference low hurdle event.

The tennis outlook was so bright at the start of the 1938 season that another conference championship was foreseen by many for the Wave netters. But by tournament time disaster had swept the Greenie camp with flawy tennis and the annual conference wind-up was a stinkeroo as far as the Wave was concerned.

It all started when Billy Westerfield, No. 1 player, was blasted out of the tourney in the quarter-final round by southpaw Bill Moore, of Georgia Tech. This quarterfinal round was a rough one for the boys in green. Following Billy out of the competition in the same round were Don Doyle, Guy Cheng, and Joe Abrams, the latter dropping a close match to Louisiana State's Jack Bushman. Georgia Tech's Russell Bobbitt walked off with singles honors and teamed with Bill Moore to win the doubles over Tulane's Doyle and Abrams by scores of 6-2, 6-1, 6-3.

Wins over Texas, L. S. U. (6-0), and Alabama highlighted the official tennis season. Westerfield played sensationally at times, although he appeared off form when bowing out of the tourney. Billy came within an ace of defeating Miami's highly ranked Gardner Mulloy when the two met on the Greenie courts. Mulloy dropped the first set to the Wave netman, at 6-2, was hard pressed in taking the second 7-5, and had to show all his tricks to emerge victor after winning the final set by a 6-4 score.

Joe Abrams, using his booming forehand to advantage, accounted for many key wins for the Greenies. Don Doyle, Guy Cheng, and Barney Phelps rounded out the squad that turned in a good season despite its failure to win the conference championship which Coach Emmett Pare's boys have monopolized for the past few years.

Feature of the 1938 season was the battery of catcher Bob Dexheimer and pitcher Dub Mattis, which set-up netted two wins over Northwestern's Wildcats.

Coached by Claude "Big Monk" Simons, the Greenie nine made a fair showing with such heavy hitters as Bob Kellogg, Don Overdyke, Norvin Oliver and Dexheimer batting in runs and the fielding of shortstop Oliver and Kellogg.

Big Dub Mattis, together with Al Montgomery, did most of the hurling, while Bob Dexheimer was heavy duty man behind the plate when he wasn't clouting the apple into the outfield.

Norman "Brute" Buckner aided considerably behind the plate.

Baseball returned to Tulane in 1937 for the first time in several years. The 1938 aggregation made a good enough showing to merit the sport's remaining at Tulane, and prospects for this year's team look brighter than ever.

Golf was definitely not a howling success at Tulane in 1938. Greenie pill pushers were polished off by Louisiana State and Ole Miss, and to top off the season, highly touted Vincent D'Antoni lost to L. S. U.'s Paul Leslie, 6 and 5 in semi-final round of the Southeastern Conference tourney, which Vincent won in 1937.

The squad, composed of D'Antoni, Charles Janvier, Harry Deas, Maurice Picheloup and Johnny Manson, and coached by George Turpie, Jr., had a hard time of it. At Ole Miss,

high winds and tricky sand traps didn't do the Greenies any good. Against Louisiana State, the Tigers' Henry Castillo and Paul Leslie had just too much golf ability.

Janvier and D'Antoni played good golf at times. Both were able to do well from the tees, but when the short irons came into action and the competition was close, one or two approach shots would go bad and ruin the works. Deas shows promise, and should help the Greene golf team considerably this year.

# NEWCOMB'S SPORT SET

Newcomb Has a Varied, Rugged Sports Program

Vitamin C On a Roof-Top. Tch! Tch! Gals!

Because Miss Newcombite realizes that an active participation in athletics aids in a figure beautiful and an alert personality, Newcomb's well-equipped department of physical education, offering a score of sports in a year-round outdoor program, is excellent.

All freshmen must take regular athletic courses, continuing with at least one elective through the junior year. Most seniors take these courses of their own accord.

The department has a point-award system for participation and to outstanding players, the awards ranging from a Newcomb "N," a sweater, to the coveted Newcomb blanket.

There is yearly interclass competition in basketball, hockey and swimming, and a spring tournament for silver trophies in archery, tennis, bowling, badminton, ping pong, shuffleboard, fencing and deck tennis.

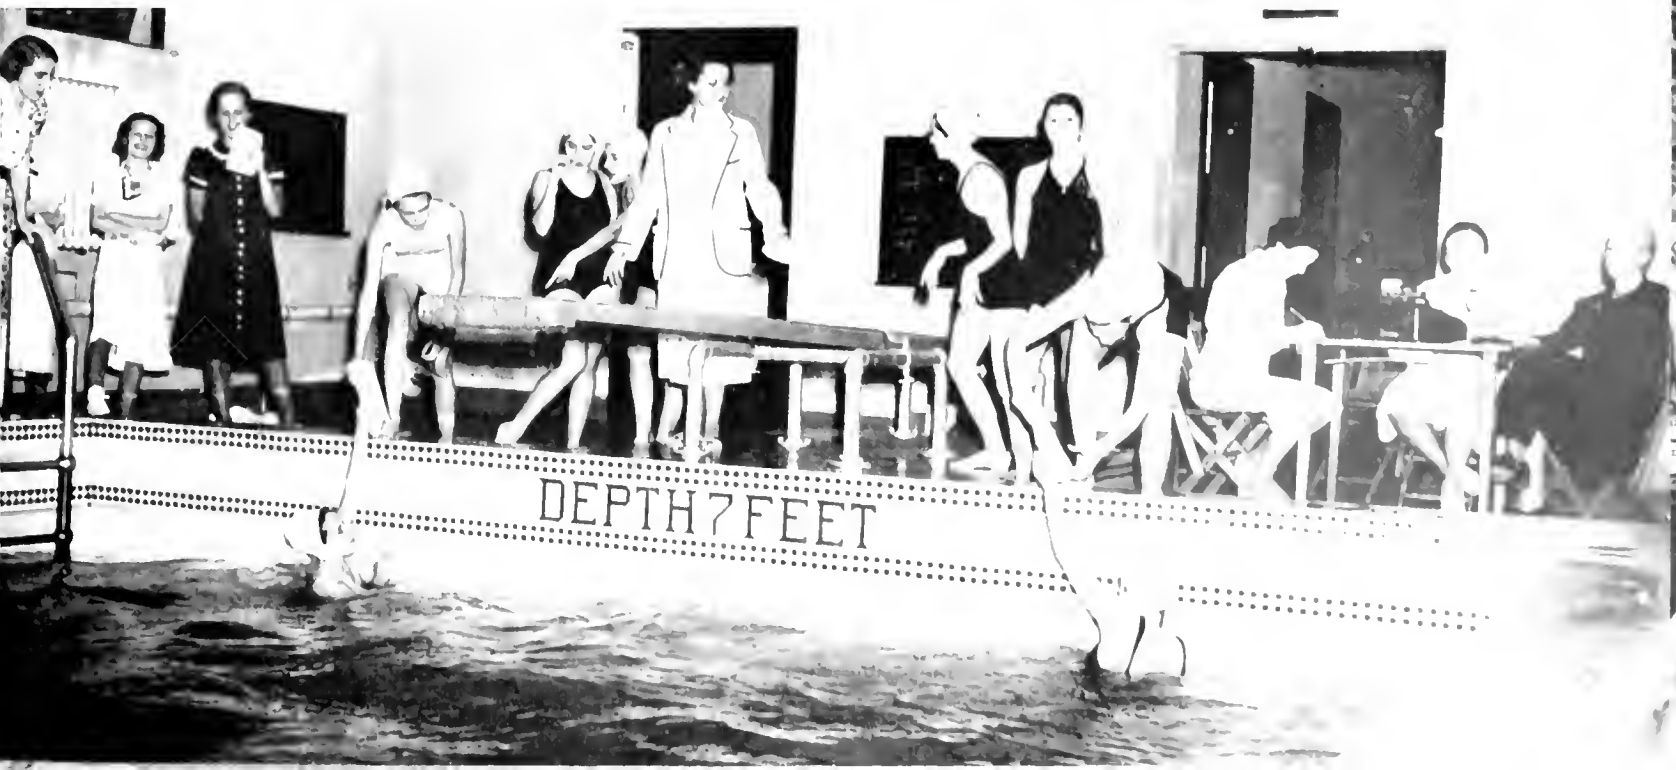

Aesthetic aspects of physical education are recognized by classes in folk, tap and modern dancing culminating in the dancing classes' annual May Day pageant.

Gym Night annually displays the stars of fencing, tumbling, apparatus work and Danish gymnastics.

## NEWCOMB ATHLETICS

Along with the gigantic improvements plan undertaken by President Rufus C. Harris to beautify the campus, we see at Newcomb there were steps taken by some of the girls to improve and beautify their figures in the very well equipped gymnasium and athletic plant found on their own campus. On these pages, we have endeavored to show you just how the girls go about improving their figures, carriage, et al, and thus become well rounded young women.

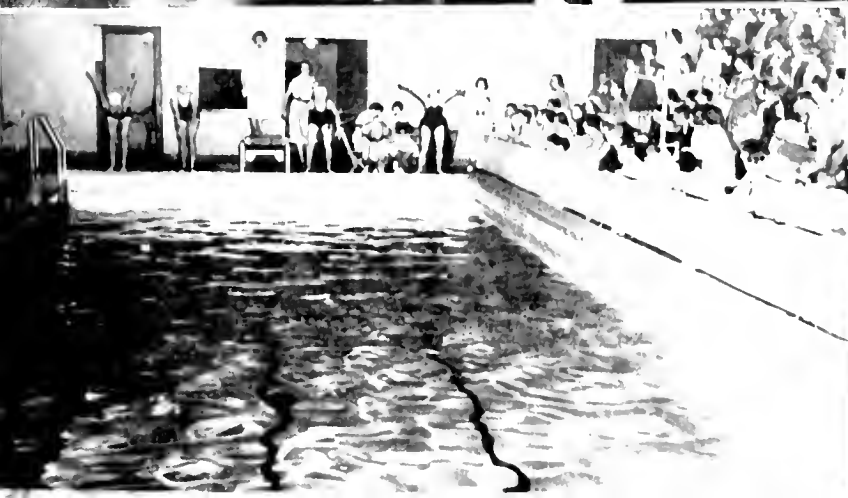

At the top of the page note several groups of the girls indulging in tumbling, kinesthetics en mass, bowling, and fencing, all of which tend to give the girls a sense of timing and grace and a consciousness of the sense of balance. One of the lasses is learning a pointer or two from the tennis coach, Emmett Parr.

In the lower picture are some of the harder individuals generally referred to as the "outdoor girls." These are participating in badminton, tennis, and hockey.

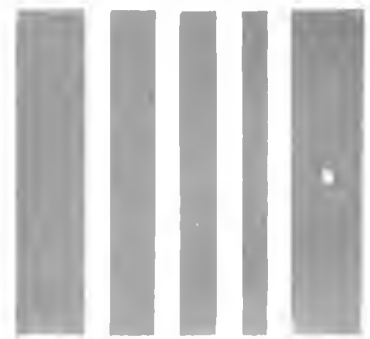

On this page the girls are indoors again, and here we see them performing in the gym, both for spectators and for class instructors. Interesting to note is the group in one of the most popular pastimes at Newcomb, to-wit, a "line session" between halves of a basketball game. On the lower part of the page is the swimming pool, and here the girls are able to swim in water under controlled temperature (usually about 65 degrees provided the fireman didn't let the furnace go out). Finally, we see the results of the training afforded the Newcombers with this ample athletic plant. Having acquired the grace, charm, and carriage so essential to aesthetic dancing, the girls are able to put on a show at the annual May Day Festival which is worthy of praise by all who see and hear about it.

### STARS AND BARS CHAPTER

... the ...

We believe in the tenet of abiding truth which is the guiding star of our Order. We believe in the helping hand which is the bar which binds us in our calling. We believe in the unity of service to one another which lends to the weary a word of cheer, to the poor a portion of our share, to the weak a need of pity, to the stricken a voice of comfort, to the old a memory of youth, and to the wayfarer a help along to the journey's end.

Our emblem will always be an inspiration to duty, remembering it stands for excellence in all things, purity of purpose and honesty of method and effort, with the blessing of an Alma Mater upon each who bears our badge of honor. May our lives lie among the stars which light the way to the great mystery, and may we so live that when we reach the end of the road we may find the veil, which parted leads to the heights of everlasting peace. Sic ad Astra!

# The Book of St. Toulaine

## THE JAMBALAYA

Now the Land of Tū'lāne was a great and mighty nation, and its prowess was feared by all men. Yeah even unto the Rose Bowl was it feared. Once.

2. And the dwellers thereof were known to men as Stū'dēnts. In name alone. And they were rare indeed and did jitterbug no end.

3. For they were seekers of Knowledge, Which *was* well hid and more rare than the students.

4. Now it came to pass that the Stū'dēnts were exceedingly well pleased with those things which were their images. Known unto themselves as pans and mugs and maps. Especially well pleased were the prophets, called by name the Stū'dēnt Cōm'eil.

5. And they did expend much luere to preserve the images even unto posterity. And their grandchildren. By means of a great and mighty scripture which men did call the Jām'bāla'ya, for it was a mess indeed.

6. And the editor thereof dwelleth in Mēx'icō. And is well hid.

### CHAPTER II

NOW the editor *was* known to men as rat, and insect, and things of censored nature. After the book was beheld by men. And he was himself well hid.

2. Now the editor was in dire need of counsel. And plans did he need before the book was laid out.

3. So he betook him unto the house of the prophets of Tennessee, known by men as Bēn'sōn the Prin'ters. And did consult the Great Prophet of Book, the chief seer of Bēn'sōn, whom men did call W. A. And great was the wisdom derived.

4. And he did also consult the prophet known as R. G. the Exe'cūtive who's wisdom men did celebrate and who did run the works.

5. And there was one Dān'iel, by surname Eā'die, artist by trade. And his prowess with the brush was awesome. For he was the prophet of Beauty in the Jām'bāla'ya and did conjure up division sheets and opening sections.

6. Besides these there was a prophet, one Joe Lēd'bēttēr, who by his might did create great activity sections. And hull no end. For he was indeed a hot shot and a character.

7. Then from the soothsayers of Bēn'sōn did the editor draw much of wisdom and counsel. And didst depart from that place.

8. And in the sweat of his labors the editor did secure aid and wisdom and cuts and plates of great merit and worth. These things did he procure from the house of the artisans called Mā-bām'ā the engravers, and the chief prophets thereof were called by name Bōb Faer'ber and Roy Hick'man, and these did engrave such that all men marveled at their excellence.

9. Now of the peoples of the valley the editor did find many of aid and worth. For there was Pan'fiēld and his wife and his offspring called Mariē, who did photograph the Stū'dēnts most excellently. Also did they portray beauties at which all men did gaze and say a-u-a-h.

10. And there was a Lēon Trice and his disciple Jäck Vann, who did photo sports and activities. And right well did they do.

11. And one Pērkins who men called Doug, who did cartoon too well. Yea right lusty did he draw! And one Wendt who was an artist no end, and who did cartoon too. And one Mahler who did sweat and work and did drink no end of cokes. And one Rich'ard-sōn the coke-buyer who did supply the staff and was called the Sūc'ker. And most of all one Anne the Pēn'der-gast, who did type and advise, and did manage all things.

12. Yeh, great were the things they did do. Forsooth.

13. And the editor *did* look upon his work and did blanche. And did tremble and become afraid. And he did betake himself thence and did depart in haste. And men saith he dwelleth in Mēx'icō. Or the North Pole. And he is well hid.

14. For the ways of the gods *are* right and the just shall walk in them; but the editors shall fall therein and be lost. Yeah-mēn.

Our cartoonist's conception of Kendall Crum, alias Randall Crum, Activities Manager. His left eye is looking at the tennis courts and his right is focused on Dot. When not in office, as usual, you can find him at one of the above.

He was born in Korea, and . . . (we won't say it.)  
Maybe his eyes ain't focused on tennis courts and Dot. Maybe they ain't focused at all. Maybe.

Anyhow, it is our private belief that if the Board could find a better Activities Manager, they'd have to look long and far. Because under him, we students can really develop and use our ingenuity, because he doesn't care what goes on, just so it's honest. But don't match him for rakes.

## FOR STUDYING • READING • GAMES

1. Wide opening at the top of the shade throws light to ceiling and eliminates shadows.  
2. Glass reflector softens light, prevents glare.

3. Wide shade gives ample light over your work.  
4. Shade lining is white to reflect more light.  
5. Lamp has height enough to light a large working area.

You Need MORE Than  
"Just a Lamp"

### PROTECT YOUR EYES WITH AN \*I. E. S. LAMP

It's an astonishing fact that forty college students in every one hundred wear glasses or should be wearing them—and in nearly every case this defective vision can be traced to eye strain caused by poor light. Your eyes can be damaged by poor lighting—sometimes permanently—before you realize the cause.

For studying, reading or games, eye safety demands more than "just a lamp." You need one that provides an ample amount of light at just the right height and spread, shadowless, glareless and restful—exactly the light these \*I. E. S. Better Sight Lamps are scientifically designed to supply. You'll be amazed at how much less of a "grind" these lamps make long hours of studying.

\*I. E. S. Lamps are now on display at the Tulane Book Store in Tulane's Olive and Blue with the University's own insignia on the shade. They will not only relieve you of eyestrain but will add to the collegiate air of your study room. Get an \*I. E. S. Lamp today to give your eyes—and yourself—a rest.

# PLAQUEMINES PARISH, LOUISIANA

"The Land Flowing With Milk and Honey"

Extending from the City of New Orleans on the north to the extreme lower end of the Mississippi Delta, projected into the Gulf of Mexico on the south, lies one of the most fertile and attractive areas in the United States.

Free from damaging frosts, Plaquemines Parish is the home of the "Louisiana Sweet" and navel oranges—the most delicious citrus fruit produced in the United States. Its farms produce an enormous quantity of vegetables and the world famous "Creole Easter Lily Bulbs." Fur-bearing animals abound in its marshes, and the myriads of ducks and geese that flock to its ponds and lakes each winter together with its famous fishing grounds make it a veritable sportsman's Paradise. The Free sites on inland waterways are available for canning of shrimp and oysters, which is a prominent industry in this Parish. The development of a huge supply of crude sulphur by the Freeport Sulphur Company, together with oil and salt which occurs in abundance, increases its opportunities for industrial development consisting of a long line of Harbor frontage and industrial sites available at reasonable cost served by ample highway, waterways and rail facilities. Lowest property taxes in the State. Tax exemption for new industries employing Parish labor.

# MAGNOLIAS TO MACHINES.

Traditionally a land of moonlight and magnolias, orange blossoms and Spanish moss and mandolins, Louisiana in this 20th century has emerged from the mists of its romantic past and is today embarking with the rest of the South upon a great program. It is speeding the transformation of our vast natural resources, agricultural and mineral, into shoes and sewing machines and saucers, paper and airplanes and automobiles.

Balanced industrialization is the keynote of the era. Great strides have already been taken in this state toward the creation of an ideal balance between agriculture and industry, but the work has only begun. Its widening scope offers a challenge to the undergraduates of our universities who will be the next generation's leaders of industry, agriculture, education, and statesmanship.

In these changing times Tulane University

plays its part by training young men and young women to keep pace with the trends, in particular with that primary movement which is resulting in the establishment of more productive Southern enterprises. This speeding of industrial development, bringing with it steady employment, larger payrolls, and an increased standard of living, is today Louisiana's number one objective.

The Freeport Sulphur Company furnishes to Louisiana's lengthening list of enterprises, established as well as new, a mineral which is pressed into service for the creation and improvement of products and processes in the factory and on the farm. Sharing as we also do in the unfolding present and future of Louisiana and its people, we are happy to pay our tribute to Tulane University for its service in preparing the rising generation for the great work that lies ahead.

# UPBUILDING A STATE

**S**TATE and municipal administrations throughout Louisiana have directed their entire energy during recent years to upbuild the state and create prosperity and contentment for the people of Louisiana.

**A**N industrial expansion program has been undertaken and has succeeded in attracting many new industries to the state, creating employment for many thousands of Louisianians and improving the economic position of Louisiana. A comprehensive state hospital program is moving toward completion; social security, aid to children, aid to the blind and helpless, free ambulance service, and free dental trailers have been provided.

**B**UT equally important with economic and social advancement is the encouragement and assistance the state is lending to educate her children and provide institutions of higher education for the boys and girls who are to become the men and women of tomorrow.

**E**FFICIENCY in government is promoted by higher attainment in the field of education. In Tulane University and the other colleges and universities of Louisiana, these high aims are being realized. These institutions are consequently playing an important part in the upbuilding of Louisiana for the future. It is therefore with the utmost sincerity that I take this opportunity to congratulate the students of Tulane University for their splendid achievements and to compliment the officials and faculty of Tulane University for a job well done.
